PROFESSIONAL OBJECTIVE

Computer Science student with strong foundations in Data Structures, Web Development, and Back-end Technologies, seeking an internship to apply problem-solving and software development skills.

EDUCATION

- | | |
|---|---------------------------------|
| • MALLA REDDY ENGINEERING COLLEGE
Computer Science and Engineering | CGPA : 9.11
(2023-2027) |
| • NANO JUNIOR COLLEGE
Intermediate (MPC) | MARKS : 978/1000
(2021-2023) |
| • VASAVI HIGH SCHOOL
Secondary Education | CGPA : 10/10
(2020-2021) |

TECHNICAL SKILLS

- Programming: Java, Python, C
- Web: HTML, CSS, JavaScript
- Database: MySQL ,MONGODB
- Concepts: Data Structures, OOPs, DBMS
- Tools: Git, GitHub

SOFT SKILLS

- Good Communication Skills
- Team Management
- Good Research Skills
- Good Leadership skills

PROJECTS

Photography Website

- Designed and developed a responsive photography portfolio website using HTML and CSS
- Implemented structured layouts to showcase images with clean UI/UX design
- Optimized page layout for better user experience and visual presentation

Amazon Clone Page

- Developed a front-end Amazon clone webpage inspired by the Amazon India homepage using HTML and CSS
- Implemented key UI components such as navigation bar, product sections, and footer
- Ensured responsive design and cross-browser compatibility

Validation Form

- Built an interactive web form using HTML, CSS, and JavaScript with client-side validation
- Implemented input validation for email format, password strength, and required fields
- Improved data accuracy and user experience by preventing invalid form submissions

Frontend App

- Developed a dynamic frontend application using HTML, CSS, and JavaScript
- Integrated user interface with backend APIs for data display and interaction
- Implemented features like user authentication and dynamic content rendering

Backend App

- Developed backend functionality using JavaScript, EJS, and CSS
- Designed APIs to handle user authentication and data processing
- Managed database operations for storing and retrieving application data

CERTIFICATIONS

- Microsoft : Azure AI Fundamentals
- Participation Certificate in Vishesh 2K24 a two-day Inter-college Project Expo

EXTRA-CURRICULAR ACTIVITIES

- Reading Books.
- Listening to Music .
